Karima Saidu Idris

Frontend Developer · Frontend AI Engineer
Kaduna, Nigeria · +234 912 502 5322 · saiduidris.karima@gmail.com · GitHub: github.com/Kareemah2· LinkedIn: www.linkedin.com/in/karima-idris-044664409 · Portfolio: https://karima-portfolio-kareemahs-projects.vercel.app

Computer Science student and front-end developer focused on building clean, responsive web experiences with React, TypeScript, JavaScript, and Tailwind CSS. Experienced in AI-assisted frontend development and practical AI workflows through hands-on work and training.

EXPERIENCE

Frontend AI Engineer June 2026 — Present

FlyRank AI

- Built responsive frontend interfaces from AI-assisted designs and code, refining layouts for visual accuracy, usability, and cross-device responsiveness.
- Translate AI-assisted outputs and code into clean, production-ready frontend experiences.
- Build practical familiarity with Claude, AI workflows, agents, and developer tools.

Web Development Learner July 2025 — Present

3Deez Global Investment Limited

- Began web development through hands-on learning and practical frontend development.
- Built foundational skills across modern web technologies and frontend workflows.
- Support the team with occasional technical tasks while continuing to develop practical experience.

PROJECTS

Kaysgift - E-commerce Website

React · TypeScript · Tailwind CSS · Next.js

Built and deployed a responsive e-commerce website for a Nigerian lingerie and sleepwear brand, creating a clean shopping experience across desktop and mobile devices.

Live: www.kaysgift.shop

IP Address Tracker

React · TypeScript · Tailwind CSS · REST API

Built a responsive application that retrieves IP address information through an API and displays location data through an interactive map.

Live: ip-tracker-swart-six.vercel.app

Crypto Dashboard

React · JavaScript · CoinGecko API

Cryptocurrency dashboard that retrieves market data and allows users to explore individual cryptocurrencies and their details.

Live: crypto-price-liart.vercel.app

TECHNICAL SKILLS

Frontend: React, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS

UI & Development: Responsive Web Design, Component Architecture, State Management, Vite

APIs & Developer Tools: REST APIs, Git, GitHub, Python

AI Development: Claude API, Claude Code, AI-Assisted Development, AI Workflows, Agent Skills, Model Context Protocol (MCP)

EDUCATION

B.Sc. Computer Science Expected Graduation: 2029

Air Force Institute of Technology, Kaduna
